

T. Ben Baker, PhD, JD

Baker Balanced Intelligence LLC | AI Strategy & Ethics Consulting

tbbaker@colby.edu | bakerintel.com | tbenbaker.com

Professor of Philosophy (Colby College) and founder of Baker Balanced Intelligence LLC. Research on cognitive representation, embodied AI, and human movement informs practical approaches to responsible AI development and human-centered system design.

SERVICES

- **AI System Design & Use** — Leverage philosophy, cognitive and computational science to inform AI development, from conceptual frameworks to implementation
- **Movement Intelligence & Embodied AI** — Apply computational movement analysis and embodied cognition to robotics, healthcare, and HCI; includes custom markerless motion-capture systems and self-supervised movement modeling
- **Interdisciplinary Research Partnerships** — Bridge philosophy, neuroscience, and AI through collaborative projects, NSF proposals, and industry R&D
- **AI Ethics & Governance Advisory** — Develop ethical guidelines and governance structures grounded in philosophical and technical expertise
- **Strategic AI Education & Communication** — Translate complex AI concepts for executive teams, boards, and stakeholders

SELECTED PUBLICATIONS

- **Use and Usability: Concepts of Representation** [\[link\]](#) 2026
with R Lange, A Richmond, A Achille, R Cao, N Kriegeskorte, O Schwartz, X Pitkow, Neurons, Behavior, Data Analysis, and Theory
- **Rethinking Artificial General Intelligence: Beyond Anthropomorphism** 2026
Invited book chapter, Introducing Philosophy of Mind, Today (eds. D Curry, L Daoust), Routledge
- **Understanding Complexity Through Affordances** [\[link\]](#) 2025
with Sonia Roberts, Minds and Machines
- **Computational Kinematics of Dance: Distinguishing Hip Hop Genres** [\[link\]](#) 2024
with T Liu, J Matelsky, F Parodi, J Krakauer, K Kording, Frontiers in Human Robotics and AI
- **Three Aspects of Representation in Neuroscience** [\[link\]](#) 2022
with B Lansdell and K Körding, Trends in Cognitive Sciences

SELECTED INVITED TALKS

- **What Does It Mean to Be Human?** 2025
Invited all-school speech, Loomis Chaffee School, Windsor CT
- **Rethinking Artificial General Intelligence** 2025
Oberlin Colloquium in Philosophy, Oberlin College
- **Moving Between Genres: A Computational and Embodied Exploration of Dance** 2025
Slippage: 3D Humanities Series, Northwestern University
- **Dance Machines!** 2024
James Madison University
- **Six Forms of Dance Cognition** 2023
Mind the Body, University of Utah

BACKGROUND

- **Colby College, Assistant Professor of Philosophy** 2023–present
Waterville, ME
– Davis Institute for Artificial Intelligence
- **University of Pennsylvania, Provost Postdoctoral Fellow** 2020–2023
Philadelphia, PA
– Kording lab, Departments of Bioengineering and Neuroscience

Education: PhD Philosophy, University of Pennsylvania (2020) · JD, Yale Law School (2014) · BA Philosophy & Economics, Brown University (2010)

CURRENT PROJECTS

- **Kinelab — Motion Capture & Movement Modeling**

2024–present

Colby College; collaborators: V. Romero (Psychology), A. Lavers (RAD-Lab)

– Markerless motion-capture system; KineTrace self-supervised models for human movement analysis

- **Use and Usability: Concepts of Representation**

2022–2026

CCN Generative Adversarial Collaboration

– Cross-disciplinary project on shared foundations for AI and biological representation
